FIRE AND EMERGENCY SERVICES

STAYING SAFE IN THE COLD

- Keep anything that can burn at least three-feet away from heating equipment, like the furnace, fireplace, wood stove, or portable space heater.
- Have heating equipment and chimneys cleaned and inspected every year by a qualified professional.
- Remember to turn portable heaters off when leaving the room or going to bed.
- Do not remove fireplace embers or ash, or if you do, place them in a metal container with a lid and cover them with water. Do not place them in a plastic or paper bag or other container that is not fire-resistant.
- Do not dispose of them indoors or close to your home or another structure.
- Burn dry, well-seasoned wood in fireplaces and woodstoves to reduce the risk of excessive creosote build-up in chimneys.

KEEP ROADWAYS CLEAR OF SNOW AND ICE

Improperly placing snow on or near a public road creates hazards including drainage problems, drifting, sight obstruction, unsafe access, slippery areas, frozen ruts or bumps that may contribute to a motor vehicle or pedestrian crash. Section 181 of the Highway Traffic Act states that “No person shall deposit snow or ice on a roadway without permission in writing so to do from the Ministry or the road authority responsible for the maintenance of the road.” Plowing, blowing, shoveling or otherwise placing of snow onto a Municipal road is not permitted within the Township of South Stormont.
